WEDNESDAY, JULY 24, 1907.

Our Readers.

We are engaged in installing new machinery, including a gasoline engine as power. A break occured in our press last week and we have been unable until now to repair the damage. We are running on our usual schedule time and contemplate still further improvements in our service.

Our Choice.

As standard bearer for 1908 our first choice is Wm. Jenning Bryan, but as we do not believe that he is first choice of the united Democracy of the Nation, we are afraid of his nomination. Our second choice is Virginia's foremost citizen, Senator John Warwick Daniel.

If Daniel is not the man then we would gladly support Governor Glenn, of North Carolina, and in turn Culberson, of Texas, Carmock, of Tennessee, and Folk, of Missouri, Of those who live North of the Potomac, Woodrow Wilson would be our first choice and after that the man the convention might name.

A majority of the Democratic voters of the Nation, it is true, live North, but in a presidential election those votes count for naught, and it is high time that the electoral force was asserting itself. We have been conducting ourselves so modestly and becomingly on the back seats and for so many years that it would be handsome on the part of a united Democracy to ask us to "go up higher."

The Story of Harriman

"Mr. Harriman," says Commissioner Lane, in the report of the Interstate Commerce Commission summarizing the results of the Harriman inquiry, "may journey by steamship from New York to New Orleans, thence by rail to San Francisco, across the Pacific Ocean to China, and, returning by another route to the United States, may go to Ogden by any one of three rail lines, and thence to Kansas City or Omaha, without leaving the deck or platform of a carrier which he controls, and without duplicating any part of the journey." And with all that the Commission says of this Giant they conclude by saying that the Government must "hands off" of his precious person. No hairs of Harriman's head must be touched.

It will be "dry" in the fullest acceptation of the term in a large portion of the country if the Express Companies refuse to carry intoxicants from "wet" to "dry" sections, and this as we understand they have decided upon. The man who has to ride 100 miles to get his jug will hardly do so.

Referring to the suggestion of himself as Presidential timber, Governor Johnson of Minnesota says:

"I am not doing anything to encourage any such foolish notion."

Oh, yes, you are, Governor! You are doing your duty.—Richmond Evening Journal.

"I slept, and dreamed that life was beauty, I woke, and found that life was duty."

The man who undertakes to beat John W. Daniel in his own town is as reckless as is the little steer, who in the early spring, having stuffed himself with buds undertakes to butt a moving engine from the track. After the reckless encounter nothing is found of the animal but his bones.

True we are getting on right well as a people, but we do honestly believe that a genuine Democratic administration for this country would improve things immensely This isn't said as a partizan, but as a humble private in the ranks.

How soon has Dowieism died out of human thought? Eddyism is fast going too, so will all other isms, while the Christian religion gathers strength with every passing moment. The soul cry of man will not be hushed by human suggestions of peace.

We have just emerged from a library complication and regret to hear of one in the Agricultural department of the State "Let us have peace," for the crops are growing and wheat is flying around the dollar mark.

Another fearful accident on one of our big battle ships, resulting in the loss of life and limb. It seems that a spark got into the powder magazine. This should not have been possible.

Does it take an act of God to break up Sunday base ball in the vicinity of Norfolk? The reign of law should be sufficient without involking the rains of Heaven.

Martinsville, with a dispensary in full blast, is making ready for a local option fight. Whiskey, no matter how dispensed, has the old sting and bite about it.

The Elks captured Philadelphia, held it captive for many days and retired singing the praises of the "City of Brotherly Love."

Fighting Senator Daniel in Virginia may display a good degree of courage, but what shall we say of the judgment?

If you will be "temperate in all things," and that means in sleeping, working, eating, drinking, exercising, resting, &c., the heat wont hurt you, and you wont complain of it. It isn't too hot for the growing crops and shouldn't be for well folks at work.

Since Theodore Roosevelt and Wm. Jennings Bryan are standing on the same platform we may look out for a mighty scuffle as to who will get in first.

Mr. Roosevelt has been handling a pitchfork in the hayfield, but nothing has been said that would identify it with the Tillman variety.

We were surprised as well as mortified to read that Dr. McIlWain, the newly elected State Librarian, had gone outside the limits of the Commonwealth in search of an assistant in his office. Surely there are men and women in Virginia equal to all the demands those library positions would make upon them, and we were in hopes that he had had enough of imported stock.

Brother Watterson has poor opinion of journalism as a profession, and yet he has been at it all his life, filled two continents with his fame and had a first rate time all the time The ox ought to know his owner and the ass his master's crib.

The king of England and the king of Spain are said to be fast friends and very "chummy." Has the Czar of all the Russians a friend on earth or a congenial companion? We very much doubt that he has.

Everybody is prosecuting the trusts, they call it persecution but the trusts continue to do business at the old stands unmoved and unruffled.

We have two years to think over the matter, but for the fun of it we have already selected our "dark horse" for the race.

"O, that mine enemy would write a book." Who said that of Mr. Roosevelt? And how many times?

The Ohio mob is of so ferocious a countenance as first to scare the negro to death before catching him.

Sow Crimson Clover

at the last working of corn and other cultivated crops.

It is the King of Soil Improvers,

increasing the productiveness of the land to a wonderful extent wherever it is sown.

It also makes splendid fall, winter and spring grazing, the earliest green feed or a good hay crop, and the land can be plowed and planted in corn or other crops the same season.

Land planted to corn that is sown in Crimson Clover at the last working yields constantly increasing crops of corn each successive year.

Pamplin City Charter.

In the Pamplin City Charter matter which has been decided by the Court of Appeals in a recent decision the Court says:

"This Court is of the opinion that for the reason stated in the decree appealed from the learned Judge below was plainly right in holding the act of March 7th, 1906 void."

In our paper a few weeks ago we were misled to say that the Court here had been reversed.

The matter stands that the town of Pamplin City has no right under its amended charter and those good people will be forced to have a new charter. The Court did decide however, that the town had a right to go on and tax themselves under the old charter if they chose.

All Wrong.

EDITOR TIMES:—You are often complimented on issuing the best local paper in the State, and I want to say that THE TIMES is not only valuable for its great variety of local news week by week, but for its well selected matter of general interest. I do not know where the general news of the State and Nation is more satisfactorily arranged. And now having thrown that boquet I proceed to say that the commentator on the commandments, who said in your columns of recent date that it matters not which day of the week people observed as the Sabbath, was all wrong. The American Sabbath is the Christian Sabbath and the man who teaches otherwise flies in the face of the laws of God and man as we Americans understand. As you are not responsible for your correspondents, neither are you for your commentators. You publish an excellent paper and it gives me pleasure to say so.

Bolling

Our neighborhood was indeed saddened on July 28th at 12:10 at the death of the dear little babe of Mr. and Mrs. Chas. Hardiman, of Bolling, who had been sick for one month, and who bore the intense suffering so patiently. All was done that medical skill and loving hands could do, but God thought best to take her home; the little flower was too pure for this earth. He wished her fragrance shed with Him. May she be a connecting link to draw her now lonely father and mother to Heaven. They surely have the sympathy of us all this trying hour. Gracie William was nine months and nine days old. She was laid to rest on the 29th at the old Hardiman home near Brierbrook, Va. "Gone but not forgotten."

Since writing this news has reached us of the death at 7 o'clock this morning of Miss Mattie Shepard, of Rival, daughter of the late Wm. B. Shepard. Will give particulars later.

The Doctor Away From Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life For sale by J. R. Atwood Appomattox, R. J. Carter Prospect, E. F Glover Evergreen.

FARMS FOR [illegible]

Appomattox, Buckingham, Campbell, Amherst and Nelson Counties.

Any farm or business for sale will be advertised in these columns. No charge unless sale is made. Write this office for information.

No. 184. HOTEL PROPERTY. $2,500

This is a splendid hotel proposition or would make a fine residence for a family who desires to live in town and run a farm or other business. The house is in perfect repair, admirably located; doing a good business; contains 15 rooms and every convenience; it is situated in one of the busiest towns along the N. & W. Ry.; it is a great bargain at this figure.

No. 22. 150 Acres 8

This is one of the very best small farms in this section of Virginia; one hundred acres stand in grass at this time; it is in the pick of a large estate and whoever secures it will get a productive and highly improved farm. It is worth at least $20 per acre. About 25 acres remain in timber, and practically all of the rest of the farm is under cultivation. It is smooth and free of stones, conveniently located to schools, churches, post office, stores, etc.

There are no buildings on the place. Good timber and saw mills are near at hand and buildings can be easily constructed at a small cost. The survey of the Appomattox and Charlotte Railway passes through the property. It is twelve miles of Pamplin City, N. & W. Ry., and seven miles to the Tidewater R. R. It is well watered and would certainly make a fine home for some one.

Remember this farm is in a high state of cultivation and is not worn out, and the purchaser who locates upon it can go right ahead making money the first year he farms it. We do not hesitate to say that it is a bargain.

No. 132. 300 Acres. $3,000

This is a most conveniently located farm and is offered to wind up the estate of the deceased owner. The residence contains six rooms, and there are some outbuildings on the place, but they are not considered of much value, yet they are comfortable. About 200 acres in timber. About 100 acres open for cultivation. It is smooth; close to town and depot It is worth twice the asking price.

5 DROPS
TRADE MARK

A PROMPT, EFFECTIVE REMEDY FOR ALL FORMS OF RHEUMATISM
Lumbago, Sciatica, Neuralgia, Kidney Trouble and Kindred Diseases.

GIVES QUICK RELIEF

Applied externally it affords almost instant relief from pain, while permanent results are being effected by taking it internally, purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND
Of Brewton, Ga., writes:
"I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from "5-DROPS." I shall prescribe it in my practice for rheumatism and kindred diseases."

DR. C. L. GATES
Hancock, Minn., writes:
"A little girl here had such a weak back caused by Rheumatism and Kidney Trouble that she could not stand on her feet. The moment they put her down on the floor she would scream with pains. I treated her with "5-DROPS" and today she runs around as well and happy as can be. I prescribe "5-DROPS" for my patients and use it in my practice."

Three Disasters:

Common with Credit Houses. One said: "I will pay you Saturday night if I live." HE'S DEAD. Another said: "See you tomorrow." HE'S BLIND. Still another: "I hope to pay this week or go to H——." HE'S GONE.

Moral:

Spend your cash with a cash house (Thats us) where you don't have to pay for these misfortunes.

NATURE'S
GREAT BLOOD TONIC
Piedmont-Bedford Concentrated Iron & Alum Water
(Representing the Famous Bedford Alum & Iron Springs of Va.)
contains 17 of the most powerful Mineral Tonics.

An 18-oz. bottle contains all the minerals in a barrel of the average water. We furnish the minerals, you furnish the water.

We have certificates both from the public and from eminent physicians, telling of its virtue in Dyspepsia, Rheumatism, a large variety of Female Diseases, Chronic Diarrhoea and Dysentery, General Debility, Anaemia, Malaria, Ulceration of the Throat, Diabetes, Piles, Chronic Eczema, Nervousness, Chronic Constipation, and many showing the wonderful cures in that dreadful disease, Scrofula.

DR. T. L. KABLER, for fifteen years a resident at the Springs, says: For *Scrofula*, that fearful destroyer of human health and happiness, we have in this water *a remedy which neither science nor fortunate accident has hitherto found an equal.* It is in this malady, and *some forms of secondary and tertiary Syphilis, that this water when carried to its full alterative effect, displays its highest curative powers. In all forms of diseases peculiar to females, this water will be found to exert a curative influence second to none in Virginia.*

I have given your Concentrated Water a fair trial, and say with pleasure I have been greatly benefited. For some years I have suffered more or less with Indigestion, followed by Constipation and other attendant ills. Within the past two months I have found such relief from your remedy that I have improved in strength and weight; have eaten what I have not dared to do for a long time, and have done harder work than I have been able to do before for years.

REV. OSCAR LITTLETON,
Presiding Elder, Lynchburg, Va.

Since 1894 I have been afflicted with Chronic Diarrhoea. About six months ago I commenced using your Concentrated Iron and Alum Water with the most wonderful and satisfactory results. For three or four years past I have been deprived of the privilege of visiting friends or going to church, as my trouble kept me in constant apprehension, having lost almost entirely the control of my bowels; but now I am happy to state that after using about a half dozen bottles of your remedy I am entirely cured, not having used any for the last four months. I can confidently and most gladly recommend your remedy for Chronic Diarrhoea.

CAPT. RUFUS AMIS, Virgilina, Va.

I was an intense sufferer for some months with Indigestion, and could get no relief from the ordinary remedies. During the month of January I began the use of your Concentrated Water, and one bottle has entirely relieved me. I can now digest any diet and am entirely free from suffering. I take great pleasure in giving this testimonial.

REV. H. M. BLAIR,
Editor *N. C. Christian Advocate*,
Greensboro, N. C.

I have used and prescribed waters from several Iron and Alum Springs, but none of them begin to come up to your Concentrated Water in all that goes to make the ideal alterative, strengthener, appetizer and restorative. It is at once a fine tonic and flesh-builder. Have advised several recently to try it, and always with fine and quick results. In January I had a bottle sent from one of your dealers to a lady, with the understanding that if it did not at once improve her digestive apparatus, I would pay the $1.00 myself. She not only willingly paid the bill, but used a part of one-half dozen more bottles, and is now completely cured of a long and annoying Stomach Trouble. This seems to be the case with all who try it.
